🎵 Some questions that you may have

What sort of entertainment is offered?

Ali is multi-talented, and the entertainment would be tailored to meet your budget, and the specific needs of your function. The entertainment could be a singing show, and could also incorporate some acting to highlight the aims of your function. We will work with you to deliver a package that is sure to be a success.

What are some examples?

A blues or jazz cabaret show, or a combination of acting and entertainment to deliver some key values of your company, are just some examples.

How long will the entertainment be?

Again this depends on what your function is, and how you want the entertainment to fit in with your agenda. The entertainment can be tailored for 15 minutes, as an entertainment break in your meeting or function, or could be a two hour entertainment extravaganza. Tell us what you want.

What is the cost?

This is dependant on what you want delivered. Do you want a musical show, with a 5 piece band? Or, do you want entertainment from Ali using backing tracks. Or, something in between? Packages start from as little as \$500 +GST, and we will work with you to find a solution that fits in with your budget.
